Quality Statement

It is Kingfisher Locksmiths' mission to provide our clients with incomparable customer satisfaction. This includes not only the craftsmanship of the engineer but also the choice of locks best for each situation. The engineer will not leave the location before the customer is completely satisfied with the solution provided i.e. locks (ordered) repaired or replaced fully tested and up to the BS 3621.

Our motivated staff works with integrity delivering top customer service time after time. We are also fully accredited by Norfolk Trusted Traders for that extra safe feeling of knowing who comes to your door, thereby providing that first step towards crime protection.
