Environmental Statement

Kingfisher Locksmiths recycle all waste from their activities up to the highest level. All waste is segregated and when the locks are dismantled for post mortem and or recycling. Our main waste streams are:

Brass	Recycled 100%	Mellor Metals Great Ellingham
Steel	Recycled 100%	Mellor Metals Great Ellingham
Wood	Reuse/ Fuel	Made into kindling
Cardboard	Reuse /Recycled	County Council
Paper	Reuse /Recycled	County Council
Plastics	Reuse /Landfill	County Council
Oily rags	Landfill	County Council

Kingfisher Locksmiths always aims to reduce waste to a minimum. We choose suppliers who supply us with a minimum of wrapping and packaging.

Our policy is that we will:

Frequently review all stages of our operations in order to minimise our impact on the environment.

We shall, at all times, comply with mandatory legal requirement for all activities and processes carried out on all the companies sites and use whatever influence we can to support the same to all suppliers performing activities on our behalf.

Attempt to reduce the amount of waste produced and dispose of such waste in a safe and responsible way. Re-using or recycling where applicable;

Check and measure all environmentally significant emissions and discharges to water, air and land to minimise the environmental impact and continuously improve our environmental performance.
